

About Kate Johnson

One of our own IBMers', Elle Johnson, sister Kate was diagnosed with Stage 4 Rhabdomyosarcoma on July 12th, 2023. Her treatment plan includes 52 weeks of chemotherapy & 5 1/2 weeks of radiation at Siteman Cancer Center in St. Louis, MO.

On March 13, 2024, Kate's scans showed she is in NED (no evidence of disease)! She will continue to finish her treatment through July 2024.

Kate's Krew Donations

Kate's Krew raises money in honor of Kate Johnson for Kate's doctor, Dr. Brian Van Tine. All donations go directly to Dr. Van Tine's Sarcoma research to treat patients like Kate Johnson.

See the link/QR code below to donate and more information on Kate Johnson & Dr. Van Tine.
